

About

GrayWarriors.org

Gray Warriors was founded in 2017 in memory of Chris J. Toneff and Colleen K. Toneff (mother and son) who both passed away from brain cancer.

2019 Gray Warriors provided \$7,108 in grants to individuals suffering from brain cancer.

\$3,074 Housing

\$302 Vehicle expense

\$1,773 Utilities

\$1,959 Hotel/travel expenses

Gray Warriors saw revenue of \$21,470. This includes donations and revenue from the brain cancer conference.

2019 Annual Report

“Helping those as they battle the beast of brain cancer”

Gray Warriors is a 501(c)(3) non-profit organization which provides grants to those in need and to provide support for individuals suffering from brain cancer/tumors.

“The Gray Warriors helped me pay my car payment and daycare while I was going through treatments. They helped lift some of the weight off my shoulders and lifted some of the worry! If it wasn't for them, I probably wouldn't have a car right now or daycare. Thank you so much to the Gray Warriors for everything! I have now finished my first round of treatments and can enjoy time with my family and my three babies!” Nicole
