

2020 Annual Report

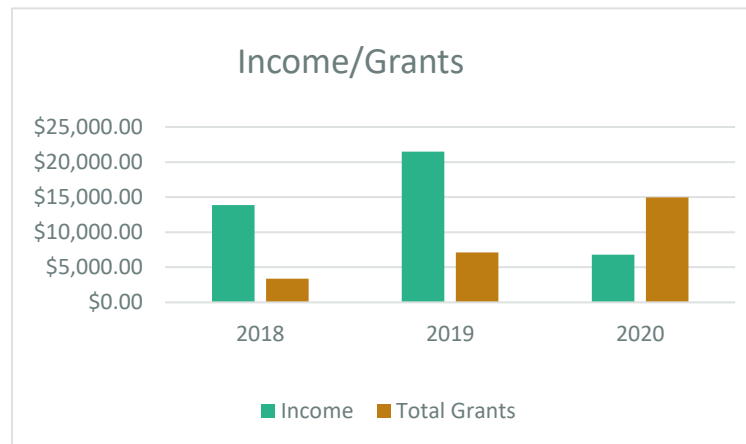

“Helping those as they battle the beast of brain cancer”

Gray Warriors is a 501(c)(3) non-profit organization which provides grants to those in need and to provide support for individuals suffering from brain cancer/tumors.

2020 was a difficult year for raising funds. The pandemic hit most non-profits hard. Gray Warriors is no different. We were unable to hold our annual brain cancer conference. It was also difficult to ask for money when so many are suffering. We are thankful we had two prior years of good fundraising to meet all the requests we received in 2020. We are looking forward to a brighter 2021 and continuing to help those in need.

– Bonnie Sadler, President and Founder

“We are thankful for everyone that donates to Gray Warriors. Initially, we didn’t know how we were going to financially afford to stay in Iowa City, while undergoing radiation. We weren’t eligible to stay at the Hope Lodge, because we had a 6 month old daughter at the time. We used the funds to stay at a local hotel, and couldn’t be more thankful for how much stress that took off of our family. We will forever be grateful to the Gray Warrior Foundation.” Matt

About

GrayWarriors.org
