

2021 Annual Report

“Helping those as they battle the beast of brain cancer”

Gray Warriors is a 501(c)(3) non-profit organization which provides grants to those in need and to provide support for individuals suffering from brain cancer/tumors.

Gray Warriors had a successful year of fundraising. We held our first fundraising event, “Month of 100 Dinners.” Thank you to our dinner hosts Jennifer Toneff, Tammy Bedard, Barb Brainard, Jenny Dunkin and Stacy Lyman. We also held a raffle for a week condo stay in Sarasota donated by Rick and Debbie Morris.

Our grants were down a bit due to a change in staffing for referrals. We seemed to have that worked out now. We are looking forward to 2022.

Bonnie Sadler, President and Founder

Hello, my name is Briana. I have been very blessed to have gotten assistance from Gray Warriors with a utility bill this last year. Being a young single mom fighting brain cancer, this fall was extra difficult for me to provide for my family needing more treatment for a new growth caught this summer. Disability checks are not always enough with holidays and all of the other things life can bring up.

Thank you very much Gray Warriors
With love Briana

About

GrayWarriors.org

Gray Warriors was founded in 2017 in memory of Chris J. Toneff and Colleen K. Toneff (mother and son) who both passed away from brain cancer.
